

YOU HAVE NEVER SEEN A MAGICIAN LIKE JAY MATTIOLI. His globe-trotting performing experience includes hosting Asia's largest magic variety show, a special performance for U.S. Navy troops in The Middle East, and winning over the NYC audience on FOX's "Showtime at the Apollo hosted by Steve Harvey". You may also recognize Jay as one of the Quarter Finalist who stunned the judges on NBC's #1 hit TV show AMERICA'S GOT TALENT.

Jay's unique style obliterates the past concept of what people expect from a magician and is one of the few illusionists in the world who has truly brought magic up to date. The combination of hilarious, and jaw-dropping illusions along with a blend of Hip-Hop and Urban dancing has catapulted Jay into a field where he stands alone.

Decored in hip, vivid costumes, a carefully punked hair-do, and a vivacious assistant on his side, Jay performs magic with everything from live animals to levitating microphones as well as startling effects where Jay vaporizes his body in the blink of an eye!

Guiding a new wave in refreshing entertainment, Jay's magic has become a sought after act for vacation resorts, variety revues, corporate events, cruise lines and college universities. Hundreds of organizations have chosen Jay's magic to electrify their guests and special events,...and so can YOU.
